

Bedazzle Beads

Project 12 - Beaded Tiara

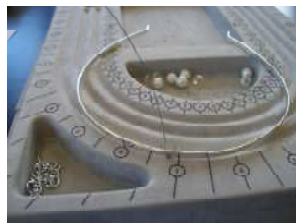

Components:

Tiara band
5 metres of 26 gauge wire
50 beads

Tools Required:

cutters

Step 1: Cut 60cm of wire from reel

Step 2: starting at centre of tiara band wrap wire around 4 times bringing the wire

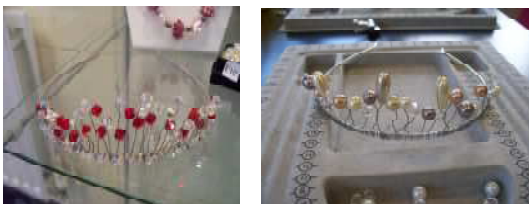

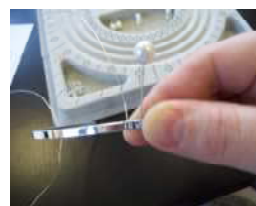

Step 3. Thread your bead onto wire hold 4 cm from bottom of tiara base.

Step 4: bend wire over top of bead to bottom of tiara base then twist wire together.

Step 5: Next wrap wire around tiara base 5 times making 1cm gap for next wire wrapped bead

Here are some finished design ideas to try ...

Step 6: Repeat steps 3,4,5 around the base of your tiara, making the beaded twists different heights. Cut new pieces of wire when necessary. Your tiara will now be complete it is up to you if you wish to customise it with seed beads or bending the wire into different shapes.
