

Bedazzle Beads

Project 5 - Triple Strand Necklace

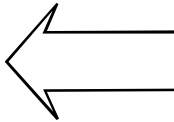

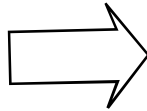

Components:

27x Round Beads Either 6mm,8mm or 10mm
1.5m Tigertail
Lobster claw and Jump ring
14x 2 or 3mm Crimp Beads

Tools Required:

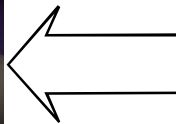

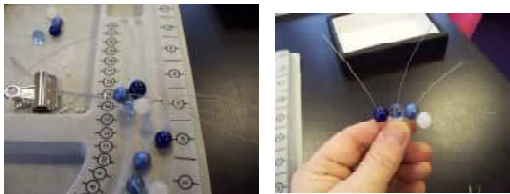

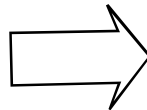

Bead board
Flat nosed Pliers
Cutters

Step 1: First cut wire into equal lengths.
Using a clip hold wires in place

Step 2: Lay your beads into clusters on
your bead board at 2 inch intervals

Step 3: Thread a large crimp bead onto all
the wire 3 inches from the end of the wire.
Crimp this flat with your pliers.

Step 4: Thread your first cluster on each
strand individually, then thread a crimp bead
over all 3 strands this forms the cluster affect.
Crimp the crimp flat.

Step 5: Carry this on till all the
clusters are threaded and crimped
into place. Leave 3 inches of wire
at the finished end.

Step 6: Next thread another crimp
onto the wire and thread through your
lobster clasp and loop back on itself through
the crimp pulling wire tight then crimp the
crimp flat and cut wire flush against crimp.
Repeat at other end. Necklace is now
Finished
