

# Bedazzle Beads

## Project 8 - Eye Pin Necklace

**Components:**  
35 x beads various sizes  
35x 1.5mm eye pins  
A lobster claw  
jumping

**Tools Required:**  
Cutters  
Round nose pliers  
Flat nose pliers

Step 1: To make your necklace you need to prepare the links. You will need to create different combinations of beads on to eye pins dependant on you design.

Step 2: Place a bead onto your eye pin and cut the eye pin about 1 cm above the bead and turn a loop with round nose pliers, try to make this loop look like a question mark '?' shape.

Step 3: Attach each eye pin together closing the loops as you go to create a chain effect.

Step 4: When you have made your desired length you then attach a lobster claw fastener at one end and a jump ring at the other. Your necklace is now complete

Here are some finished design ideas to try ...
