

Bedazzle Beads

Project 4 - Basic Tigertail Necklace & Bracelet

Necklace Components:

11x 8mm-12mm Beads
 13x Spacer Beads
 5 Grams of Seed Beads
 60cm of 3 Strand Acculon Wire or Tigertail
 1x Lobster Clasp
 1x Jump Ring
 2x 2mm Crimp Beads
 2x 3mm Crimp Covers

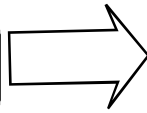

Bracelet Components:

9 inches of 3 Strand Acculon Wire
 15-18x 8mm-10mm Beads
 (Plus Extra Spacer Beads)
 2x 2mm Crimp Beads
 2x 3mm Crimp Covers
 Toggle Fastener

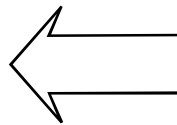

Tools Required:

Side Cutters
 Flat Nose Pliers
 Bead Board
 Bulldog Clip (Optional)

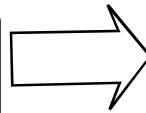

Necklace - Step 1: Place a bulldog clip, towards the end of the acculon/tigertail wire

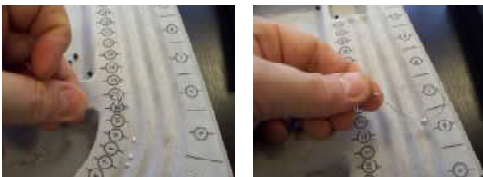

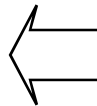

Step 2: Lay the larger beads in your chosen pattern around the bead board.

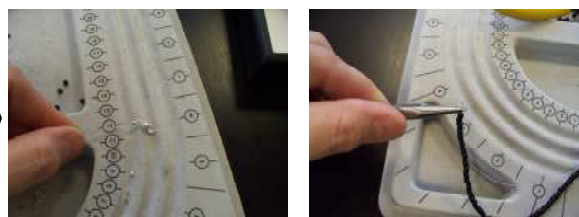

Step 3: String the beads onto the acculon / tigertail, then string the seed beads onto each side of the wire to create the desired length of your necklace.

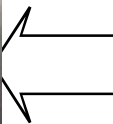

Step 4: Once you are happy with the length, add a crimp bead onto the wire / acculon and thread your lobster clasp onto the wire and loop the wire back through the crimp bead.

Step 5: Pull the wire tight then flatten the 2mm crimp flat. Cut the excess flush against the crimp .

Step 6: Repeat the process on the opposite side, fixing a jumpring on the opposite side. Your design is now complete. For the bracelet, repeat the process, making approx 7-7.5", adding a toggle & T-Bar in place of the lobster clasp & jumpring.

Here are some finished design ideas to try ...
